

Illustration	Description	Type	Order-No.
--------------	-------------	------	-----------

**ALTODIM/P EIB/KNX dimmers up to a load capacity of 2 KW with internal scene memory**

Phase-interval (lagging edge) controlled dimmer for electronic transformers 600 WVA  
**ALTODIM 600-0/P**

IBDA 600-0/P

80.13.161

Phase-interval (lagging edge) controlled dimmer for electronic transformers 1400 WVA  
**ALTODIM 1400-0/P**

IBDA 1400-0/P

80.13.164

Phase-controlled (leading edge) dimmer for incandescent lamps, high-voltage halogen lamps, low-voltage halogen lamps with wire-wound transformers, neon lamps, 600WVA  
**ALTODIM 600/P**

IBDA 600/P

80.13.165

Phase-controlled (leading edge) dimmer for incandescent lamps, high-voltage halogen lamps, low-voltage halogen lamps with wire-wound transformers, neon lamps, 1300WVA  
**ALTODIM 1300/P**

IBDA 1300/P

80.13.162

Phase-controlled (leading edge) dimmer for incandescent lamps, high-voltage halogen lamps, low-voltage halogen lamps with wire-wound transformers, neon lamps, 2000WVA  
**ALTODIM 2000/P**

IBDA 2000/P

80.13.163
